

POSTERS (FREE)

Take advantage of these great posters to raise awareness and promote responsible ecological behavior in your faith community.

GREEN TIPS

Looking for a way to build awareness about the environment in your faith community with a passage from the Bible? Check out the monthly tips that have been created insert in your church bulletins or newsletters hits how to offer folks in your communities practical and immediate to improve their ecological habits. For example: march "he clogged their chariot wheels so that they turned with difficulty."

Mars (2)

"And took off their chariot wheels, that they drave them heavily..." (Exodus 14:25)

After using your winter tires for many months, it is now time to change them for your summer tires. Make sure to inflate them properly and to check the air pressure regularly each month! Each day, in North America, we waste over one million litres of fuel due to inadequate air pressure in our tires which forces the engine to consume more fuel when we drive.

September (7)

"He ate some of the fish, and kept some to be salted." (Tobit 6:5)

Did you have a plentiful harvest this year? If so, you can extend the pleasure of eating locally year-round. Make preserves of your summer fruits and vegetables to enjoy in the winter. Try canning tomato sauce or salsa, or pickling vegetables like cucumbers, beets, onions and peppers. Homemade fruit jam is always a treat. If you want to eat organic fruits and vegetables.

CAMPAIGNS TO RAISE AWARENESS

By subscribing to the Green Churches **newsletter**, you will be informed of the awareness campaigns that can be carried out in your community at the best time of the year.

World Water Day
March 22

Earth Day

ACTIVITIES

Have you ever wondered how our everyday behaviors affect the environment? These resources will help you become aware of your impact on natural resources and offer suggestions on how to make improvements. "If I have told you about earthly things and you do not believe, how can you believe if I tell you about heavenly things?" (John 3:12)

Visit the "Activities" section to discover beautiful intergenerational activities to experience in your Christian community. Here are a few :

How Big is Your Ecological Footprint?

During this activity, members of the faith community will grasp the devastating impact of overconsumption on resources and they will be stimulated to care for Creation.

- Organise a community lunch
- Each family calculates their ecological footprint
- Make a pledge to reduce your footprint

Endangered Birds in Canada

During this activity, members of the faith community will become aware of the many bird species on the endangered list and will discover ways to protect them.

- Testimony by an ornithologist
- Songs and Colouring
- Videos from YouTube
- Bird Bingo

Download the outlines of these activities from the *Green Churches* website.
